

NOTICE TO RESIDENTS

GRASS CLIPPINGS

The city provides an area for grass clippings at the City Hall Shop, 295 Stennes Dr.. Just a reminder that the dumpster is for grass clippings *only*. Please be aware that the grass is hauled to the City of Fargo compost center and dumpsters with branches (or plastic bags) in them are not accepted. If branches are mixed with grass it is put in the regular landfill and not recycled and we also get charged considerably more for disposal. This is paid for by Harwood residents through their waste rates. If branches continue to be placed in the roll-offs the city may have no choice but to discontinue this service since the cost will be too great for our residents.

Please also be aware that this service is *only* for Harwood residents who pay the city for garbage. Please report non-residents seen using this facility so that we can let them know that this service is for city residents.

For your convenience, place your tree branches at the end of your driveway by the side of your street and they will be picked up on the **FIRST MONDAY OF THE MONTH** April – October, also there is a pile to add branches at the City Shop. Feel free to call the city office if you need to request an exception to the Monday pickup.

Thanks for your cooperation!
